PRODUCT DESCRIPTION

Mule-Hide 100% Silicone Roof Coating is a 100% silicone based, single part roof coating that creates a barrier that is resistant to weathering, is durable, breathable, watertight and weatherproof. Mule-Hide 100% Silicone Roof Coating is manufactured from durable inorganic silicone resins, reinforcing and reflective pigments and silane adhesions promoters.

BASIC USES

Mule-Hide 100% Silicone Roof Coating can be applied over new spray applied polyurethane foam, EPDM, TPO, aged PVC, aged acrylic coatings, concrete, asphalt built-up roofs, granulated modified bitumen roofs and metal roofs.

*Typical properties and characteristics are based on samples tested and are not guaranteed for all samples of this product. This data and information is intended as a guide and does not reflect the specification range for any particular property of this product.

PACKAGING

Container sizes: 1 gallon, 5 gallon and 55 gallon

APPLICATION INSTRUCTIONS

Preparation

1. Surface must be dry and free of dirt or corrosion particles.
2. Clean with Mule-Hide 115 Cleaner. EPDM roofs require aggressive power washing and may need to be cleaned twice to remove surface contamination.
3. Thoroughly rinse the roof after cleaning to remove all detergent.
4. Apply primer as required.
5. All seams, fasteners and penetrations should be sealed with Mule-Hide 100% Silicone Sealant.

Mixing

1. Mechanically mix 100% Silicone Roof Coating prior to use.
2. Avoid entraining air while mixing.
3. Do not thin
Product Data Sheet

MULE-HIDE 100% SILICONE ROOF COATING

Application

1. Recommended application temperature is 40°F and rising.
2. Apply base coat of 100% Silicone Roof Coating at rate of 1 gallon per 100 sq. ft.
3. Allow coating to cure, usually 2 to 4 hours, then apply second coat at the rate of 1 gallon per 100 sq. ft.
4. For best results, apply coating in multidirectional fashion.
5. Use 100% Silicone Roof Coating as it comes from the container, no thinning is necessary with this product.
6. Product cures through moisture absorption from the air.
7. Cure time will be much quicker in humid conditions.
8. Open and partially full containers will skin over quickly, if this occurs, remove the skin and continue using

Application instructions are basic guidelines only. Please read and understand the complete Mule-Hide specification for this product prior to use.

PRECAUTIONS

Avoid prolonged contact with skin or fumes. If irritation occurs seek medical attention. Keep out of reach of children. For professional use only. Read SDS prior to use.

California Proposition 65 Warning: This product may contain chemicals known to the State of California to cause cancer, birth defects and/or reproductive harm.

CLEAN UP

Clean up with Mule-Hide Si cleaning solvent

STORAGE & HANDLING

Two years shelf life with proper storage.

Job site storage in excess of 90°F (32°C) may affect product shelf life. Store product at temperatures between 60° F and 80° F. Materials exposed to lower temperatures affect the workability and performance of the product. Products must be restored to 60° F prior to use.

PROTECTION & SAFETY

Mule-Hide maintains Safety Data Sheets on all of its non-exempt products. Safety Data Sheets contain health and safety information for your development of appropriate product handling procedures to protect your employees and customers. Mule-Hide's Safety Data Sheets should be read and understood by all of your supervisory personnel and employees before using Mule-Hide products in your facilities.
