# Quick Ship Program

*In-stock and ready to ship!  
3-Locations in 2021!*

**Saginaw, MI** - Today!  
**Jackson, MS** (Q2 2021)  
**Grants Pass, OR** (Q2 2021)

## **ECLIPSE** (4", 5", 6")

- Eliminates the need for continuous clip when face dimension exceeds 4"
- Not sensitive to membrane thickness
- Eliminates need for fasteners and required flashing membrane on horizontal surfaces
- Fastener holes are pre-punched to ease installation
- Pre-notched for easier overlapping during installation
- Overlap design eliminates joint covers
- ES-1 compliant

## **2-PIECE SNAP-ON COMPRESSION** (3", 4", 5", 6")

- 4" 2-Piece Snap-On Compression FM Approved 1-360
- 6" 2-Piece Snap-On Compression FM Approved 1-135
- Meets ANSI/SPRI ES-1 RE-2 testing requirements

## **FASCIA COVER** (1-3/4", 4")

- End-notched for trouble-free piece-to-piece docking
- 1-3/4" Fascia Cover FM Approved 1-990
- 4" Fascia Cover FM Approved 1-825
- Meets ANSI/SPRI ES-1 RE-2 testing requirements.

## **Standard colors on 24 gauge steel**

If received by noon,  
**Ships within  
48 hours**
