Rugged • Time-Tested • Weather-Tested

APP TORCH G KOOLCAP® & APP TORCH G FR KOOLCAP®

A premium, highly reflective, polyester reinforced APP modified bitumen roofing membrane manufactured for heat-welded (torch) applications, with a burn off bottom layer film. APP Torch G KoolCap & APP Torch G FR KoolCap has a highly reflective granule surface which meets or exceeds most standards for “Cool Roofing” and has a SRI of 96.

Constructed with premium APP resins and incorporating a non-woven polyester reinforcement, APP Torch G KoolCap & APP Torch G FR KoolCap provides an exceptionally durable roofing product with exceptional flexibility and dimensional stability. APP Torch G KoolCap & APP Torch G FR KoolCap features CURE Technology®, an innovative thin film technology attributing to exceptional granule retention, stain and discoloration resistance and UV stabilization for long-term durability and performance. CURE is solvent-free and environmentally friendly. APP Torch G KoolCap & APP Torch G FR KoolCap also features FASTLap® technology for granule-free end laps. The membrane is solvent-free and environmentally friendly.

BASIC USES

APP Torch G KoolCap & APP Torch G FR KoolCap membrane is designed for heat-welded (torch) applications including new roofing, recover (retrofit) and BUR repairs. The system must be installed over an acceptable substrate or as part of a multi-ply system. It is not intended to be installed directly to a combustible substrate. See the Mule-Hide APP Modified Bitumen Application Guidelines for complete specifications and details.

PRODUCT BENEFITS

- Suitable for most “Cool Roof” specifications; meets requirements of CA Title 24
- Demonstrated to maintain exceptional reflectivity over time
- Premium membrane construction for superior durability and puncture resistance
- Resistance to discoloration and scuffing
- Exceptional granule retention; 0.09 g loss vs. ASTM max 2.0 g
- FASTLap granule free end lap provides faster, stronger seams
- Granule free selvage edge
