

Product Data Sheet

TPO Thru Wall Scupper

Description:

TPO Thru Wall Scuppers are designed to be used on rectangular outlets extending through walls or raised roof edges in the Mule-Hide TPO roofing system. Scuppers are prefabricated with an integrated skirt and metal fastening flange.

Features and Benefits:

- Fabricated in 24-gauge TPO-coated metal with a 6" membrane skirt factory welded to the flange.
- Standard sizes are 3" x 3", 4" x 4", and 6" x 6" square configurations.
- Prefabricated scuppers provide a 3" fastening flange, skirt and factory installed corners which eliminate shop or field fabrication and reduces installation time.
- Available in:
 - White, Tan, and Gray as standard colors
 - Medium Bronze, Patina Green, Rock Brown, Slate Gray, and Terra Cotta as Colorway options

Contact Mule-Hide to request a color chart, samples and information regarding colorway options.

Installation:

1. Install in accordance with Mule-Hide detail drawings #MHT-UN-220B.
2. Any deviation from the requirements set forth in the detail drawings must be pre-approved, in writing, by the Mule-Hide Technical Department.

Warranty:

Mule-Hide metal accessories are eligible for warranty coverage when properly installed as part of a Standard or Premium warrantable system. Please visit our Web site or call us for more information.
