

## Product Data Sheet

# TPO Vent Collar Combo

### Description:

Prefabricated TPO flashing for hot stacks, dryer vents or static attic vents that come complete with factory fabricated flashing and vent caps. Large target base patch allows for quick installation by simply screwing the metal sleeve to the deck and then welding the target base to the field membrane. This product cannot be used on warranted projects. For residential use only.

### Features and Benefits:

- Fabricated in 24-gauge metal with a factory fabricated membrane skirt over the fastening flange.
- Standard size is an 8-1/4" diameter round configuration.
- Prefabricated and providing a 3" fastening flange, and 6" skirt which eliminate shop or field fabrication and reduces installation time.
- Available in:
  - White, Tan, and Gray as standard colors
  - Medium Bronze, Patina Green, Rock Brown, Slate Gray, and Terra Cotta as Colorway options
- Diameter of 8-1/4" and Net Free Area of 53 square inches.

Contact Mule-Hide to request a color chart, samples and information regarding colorway options.

### Installation:

1. Secure flange to the deck with back out resistant fasteners, and weld skirt to properly cleaned and prepared membrane substrate.
